Price	SOLD

- Engine and gearbox completely rebuilt
- Beautifully original with the striking 1750 GTV interior
- Very sound and original bodywork
- Perfectly maintained

Remarkably pure example of the most coveted first series Alfa Romeo 1750 GTV from 1969. The car is in perfect condition and has an original body which has never needed welding, totally as it came from the factory. It still has its original paint in Bianco Spino with a black interior. The car has done only 68.701 km from new. In 1988 the car came to Holland and was registered when it came into the possession of the renowned Alfa Romeo dealer Christenhuis in Enschede. Since then the car has had 2 Dutch owners among which the current owner who bought the car 8 years ago. The beautiful 1750 GTV interior is undamaged, wonderfully original and just as it left the factory. In 2015 the engine and gearbox have been completely rebuilt. All the bills for this work are available. The engine runs really smoothly. This 1750 GTV is very well maintained and drives just as an Alfa Romeo should drive.
