Price	SOLD

- Engine fully rebuilt by Van Lingen in Houten
- Restored in the original spectacular seventies colour
- Matching numbers, matching colours
- With Alfa Romeo Centro Documentazione certificate
- Beautifully driving example

This Alfa Romeo Montreal was produced on July 5th 1973 and was sold on August 8th 1973 to its first owner in Montereccioni in Siena, Italy.

The car is matching numbers and matching colour (AR 601, orange) with a black interior.

In August 2001 the car was registered in The Netherlands and has had 4 owners since.

The last owner had the car completely restored in 2013/2014, during which the engine and the complex injection system were fully dismantled and totally rebuilt by the well known company of Sam van Lingen Alfa Romeo in Houten, The Netherlands

All the invoices for this extensive work are available.

The current owner bought this car 7 years ago and improved the already excellent condition of the car. Amongst many other things a complete new exhaust was fitted and the brakes were fully rebuilt.

The car was recently thoroughly serviced at a well known specialist.

This example of the Montreal drives exceptionally well and is in a fantastic condition!
